

QPro Pig Weaner

V21650 (Act 36 of 1947)

Product description

QPro Pig Weaner is a balanced feed for piglets from the crawling stage to the end of weaning phase with the aim of stimulating intake, ensuring optimal growth and development and decreasing the effect of weaning shock. This product contains high-quality protein and energy sources together with a balanced amount of vitamins, minerals and trace elements.

Feed recommendation

Feed ad lib from 7 days old until 8 weeks old (56 days). It is important to gradually accustom or adjust piglets with any change from one feed to another. This prevents feed stress or refusal of feed and thus prevents growth loss.
